# RT-60

Rotary Table

## FEATURES

- The guides are adjustable to accommodate metal or plastic container sizes from pint to one gallon.

- The RT-60 can be used in conjunction with many types of equipment for loading or accumulating purposes.

## OPTIONS

- Additional transfer points for 90° or 180° turns.

- Explosion proof motor.

The RT-60 Rotary Table can be used as either an unscrambler or an accumulator. It is capable of holding up to 60 one-gallon metal containers. The frame is constructed of zinc plated carbon steel. The 60" Ø table is stainless steel.

Model RT-60 provides you with simple, dependable and rugged loading and unloading capabilities.
